

Youth Welding

**Grades
7-9**

June 10-12
Noon-3 pm

Cost: \$35

Technology and creativity are joined in this innovative nine-hour class open to students going into 7th-9th grades. You will learn basic weld concepts, practice hands-on welding and create an actual project to take home. All in all, you'll be equipped with basic knowledge and skills to begin the craft of welding. Instruction stresses safety so attendance at the safety orientation on the first day of class is mandatory.

This camp is offered at a reduced rate thanks to Alum-Line Inc. and Featherlite Trailers.

Storytelling with STEAM

Grades
K-6

July 9-10

K-1: 8-11:30 am, \$10

2-3: 12:30-4 pm, \$10

4-6: 8:30 am - 3:30 pm, \$15

In this exciting camp, kids entering grades K-6 in the fall will develop their skills as young storytellers by participating in STEAM-related activities – Science, Technology, Engineering, Art and Mathematics. They will create movies with green screens, write poems and stories with robots, use a coding software program, Scratch Jr, to create an animated story and test their skills in an escape room.

This camp is offered at a reduced rate thanks to the Mitchell and Howard County Community Opportunity Fund.

Kids in the Kitchen: Junior Chef Camp

Grades
2-7

August 6-7

9 am- 4 pm

Cost: \$35

Designed for kids entering grades 2-7, this camp experience places an emphasis on having fun in the kitchen. Kid-friendly tips, sanitation, safety and proper use of basic tools and equipment will be demonstrated. Your child will also learn measurements, how to read and follow recipes and to manage time. Working together, all participants will make simple, kid-approved recipes and, of course, sample the results. Be ready to cook with your kid, because he or she will come home with several recipes to help prepare, plus a whole lot of enthusiasm! Lunch will be provided.

This camp is offered at a reduced rate thanks to the Mitchell and Howard County Community Opportunity Fund and Dollar Fresh.
