EDUCATIONAL PHILOSOPHY OF THE SCHOOL DISTRICT

As a school corporation of Iowa, the School District, acting through its board of directors, is dedicated to promoting an equal opportunity for a quality public education to its students. The board's ability may be limited by the school district's ability and willingness to furnish financial support in cooperation with student's parents and school district community. The board is also dedicated to providing the opportunity to develop a healthy social, intellectual, emotional, and physical self-concept in a learning environment that provides guidance to, and encourages critical thinking in, the students for a lifetime.

The board endeavors, through the dedication of the school district's resources, to encourage students, who come to the school district from a variety of backgrounds, to look forward to the time when they will have jobs, homes, families, places in the school district community, and attain recognition as individuals. In order to achieve this goal, the board will seek qualified employees dedicated to development of their professional skills for the betterment of the education program and for the expertise for educational productivity.

Instruction and curriculum are the key elements of a public education. Critical thinking and problem solving skills that will assist the students' preparation for life is instructed as part of a sequentially coordinated curriculum. The school district strives to prepare students for employment, to discover and nurture creative talent and to prepare them to meet and cope with social change in an atmosphere conducive to learning.

The support and involvement of the home and the school district community are essential to achieve educational excellence in the school district. The school district strives to maintain an active relationship with the home and the school district community to create within the students an awareness of dignity and worth of the individual, civic responsibility and respect for authority.

The vision of the Decorah Community School District is to create a student-centered environment where:

- individual needs are addressed.
- cooperation and teamwork are valued.
- competent professionals lead.
- community partnerships flourish.
- a commitment to excellence prevails.
- life-long learning continues.

Education is the responsibility of all residents of the Decorah community. We believe in creating an environment that is student-centered, where individual needs are addressed, and students are encouraged to take responsibility for their own learning.

We value cooperative teamwork among students, teachers, support staff, parents, administrators, and community. This begins with an attitude of openness and mutual respect, honest listening and expression, the flexibility to respond to change, and the ability to compromise. The strengths of each school and community member should be recognized and used to their fullest potential.

We believe that community resources should be maximized to meet student needs and professional development of school staff should be encouraged. All citizens of the Decorah Community School District should have a commitment to excellence and a shared responsibility to support lifelong learning.

This vision will be fulfilled through the achievement of the following Student Learning Goals:

Decorah Community School District graduates will be

- Knowledgeable Individuals,

ANTI-BULLYING/ANTI-HARASSMENT POLICY

The Decorah Community School District is committed to providing all students, employees, and volunteers with a safe and civil school environment in which all members of the school community are treated with dignity and respect. Bullying and/or harassing behavior can seriously disrupt the ability of school employees to maintain a safe and civil environment, and the ability of students to learn and succeed.

Bullying and/or harassment of or by students, employees, and volunteers is against federal, state, and local policy and is not tolerated by the board.

Accordingly, school employees, volunteers, and students shall not engage in bullying or harassing behavior while on school property, while on school-owned or school-operated vehicles, while attending or participating in school-sponsored or sanctioned activities, and while away from school grounds if the conduct materially interferes with the orderly operation of the educational environment or is likely to do so.

Complaints may be filed with the superintendent or superintendent's designee pursuant to the regulation accompanying this policy. The superintendent is responsible for implementation of this policy and all accompanying procedures. Complaints will be investigated within a reasonable time frame. Within 24 hours of receiving a report that a student may have been the victim of conduct that constitutes bullying and/or harassment, the district will notify the parent or guardian of the student.

If as a result of viewing surveillance system data or based on a report from a school district employee, the district determines that a student has suffered bullying or harassment by another student enrolled in the district, a parent or guardian of the student may enroll the student in another attendance center within the district that offers classes at the student's grade level, subject to the requirements and limitations established in Iowa law related to this topic.

ASSISTANCE ANIMALS

It is the policy of the Decorah Community School District to foster an equal education environment for all students, employees and community members within the district. The purpose of this policy is to provide guidance to the district on the proper use of assistance animals while on district property. The district shall allow the use of qualified service animals to accompany individuals with disabilities in all areas of district buildings where the public is normally allowed to go. This can include classrooms, cafeteria and school buses. Individuals with disabilities are people who have a physical or mental impairment that substantially limits one or more major life activities. Service animals are dogs and in some instances miniature horses trained to do work or perform tasks for individuals with disabilities.

Service animals must be current on all required vaccinations. Service animals also must be under control while on district grounds. The animal may be under control by either the individual with a disability, or a handler of the service. Under control means harnessed, leashed or tethered, unless these devices interfere with the animal's work, in which case under voice or other directive control.

Miniature Horses as Service Animals

Miniature horses shall be allowed as service animals within the district whenever it is reasonable to allow them. Factors to consider when determining reasonableness include: whether the miniature horse is house broken; whether the miniature horse is under the owner's control; whether the facility can accommodate the miniature horse's type, size and weight; and whether the miniature horse's presence will not compromise legitimate safety requirements necessary for safe operation of the facility.

Establishing the Need for a Service Animal

When no prior notice is given to the district of the use of a service animal, the Superintendent and/or school administrators are permitted to ask the following questions:

"Do you need/require this animal because of a disability?"

If the animal's trained tasks are not readily apparent, the administrator may ask:

"What work or task has the animal been trained to perform?"

Service Animals in training

Assuming the handler and animal are otherwise allowed, individuals who train service animals will also be allowed access with their service animal in training to public areas of district buildings and property. The service animal in training is expected to abide by the same requirements as a service or assistive animal.

Exclusion of Service Animals

In certain limited circumstances, it may be reasonable to exclude the use of a service animal from district property. The Superintendent is permitted to exclude service animals from district buildings and property in the following circumstances: The presence of the animal poses a direct threat to the health and safety of others; the owner or handler is unable to control the animal; the animal is not house broken; the presence of the animal significantly disrupts or interferes with the educational process; or the presence of the animal would require a fundamental alteration to the program. If a service animal is properly excluded from district property, the district shall provide the student served by the animal the opportunity to participate in the program, service or activity without having the service animal on district property.

Therapy Animals

These animals are not commonly required to be accommodated

Therapy animals are involved in an animal-assisted therapy program involving animals as a form of treatment. District employees may use therapy animals in the course of their regular duties only after receiving permission from the superintendent.

Employee use of Therapy Animals as part of Education Environment

Before permission to use therapy animals is granted, staff members must provide:

1. Proof that the animal is certified to be a therapy animal;
2. An explanation of how the animal will be used, including research supporting the use of therapy animals;
3. A plan for how the staff member will provide for the care and control of the animal;
4. A plan for how the staff member will accommodate students with allergies to the animal; and
5. A current vaccination certificate for the animal.

TITLE IX- DISCRIMINATION AND HARASSMENT BASED ON SEX PROHIBITED

In accordance with Title IX of the Education Amendments Act of 1972, the Decorah Community School District prohibits sex discrimination, including sexual harassment as defined by the regulations implementing Title IX (34 C.F.R. § 106.30), against any individual participating in any education program or activity of the District. This prohibition on discrimination applies to students, employees, and applicants for employment.

The Board authorizes the Superintendent to adopt procedures for any individual to report sexual harassment to the District's Title IX Coordinator, for the provision of supportive measures to anyone who has been subjected to sexual harassment whether or not they proceed with a formal complaint under those procedures, and for the investigation and resolution of such complaints, as required by Title IX. This Title IX grievance process shall be used to respond to all complaints of sexual harassment that fall within the scope of Title IX. For complaints of sexual harassment that do not fall within the scope of Title IX, the District may still offer supportive measures to the subject of such conduct and shall apply any other policy or procedure applicable to the alleged conduct.

Any individual with questions about the District's Title IX policy and procedures, or who would like to make a report or file a formal complaint of sex discrimination or sexual harassment may contact the District's designated Title Coordinator, Tori Watson <tori.watson@decorah.school>, 101 Claiborne Drive, Decorah IA 52101, (563) 382-3125

Retaliation includes threats, coercion, discrimination, intimidation, reprisals, and/or adverse actions related to employment or education. Any individual who believed they have been retaliated against in violation of this Policy should immediately contact the District's Title IX Coordinator.
